**Waffles** are a mainstay of each and every buffet. Bonnex Limited is a supplier of waffle mix and waffle machines to the Hong Kong and Macau markets with many hotels already using our machines and mix.

Waffle King waffle mix is of a very high quality mix at a very competitive price.

Our "Waffle King" mix is somewhat unique in the market as it can be used with just water making life simple for operators in a fast paced environment, or can be used the more conventional way with butter.

Our mix comes packaged 10 x 1.33kg bags to a box and is extremely easy to prepare. Simply add the water, whisk and let rest for 3 minutes. Repeat this process a second time then ladle onto a 220°C waffle iron. Approximately 1.6Kg of cooked product from each bag.

Wet mix can be held at ambient temperature for up to 8hrs. The mix can also be refrigerated over night. The dry mix is shelf stable for 12 months.

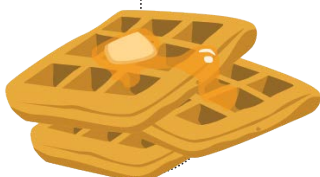

We use Otzi WKM25 waffle irons that we make available as a "Free-On-Loan" item to approved customers.
